I'M MY OWN GRANDPA

Ranelle Herring Foster, 2531 Lewiston Avenue, Dallas, TX 75227 sent the following humorous, yet apparently factual genealogical account.

Several years ago Lonzo and recorded a humorous song entitled "I'm My Own Grandpa." My grandmother would laugh and tell me when I was much younger than I am now that she was her own grandpa. Being naturally curious I would inquire about how she could be her own grandpa, but I could not for many years really get my genealogy straight. joking and patiently trying to explain the situation to me is the factor that started me on my genealogical search. The constant reference by members of the family to "Grandma Dilly" and "Aunt Dilly" thoroughly confused me and prompted most of my questioning. The following, if you can follow it, explains why I find Conzo and Oscar's rendition of the song so fascinating:

Thomas Alford married Mary Vesta Palmer. They were the parents of my grandmother, Ellen Alford Herring.

Albert Hooker Herring married Belle Meredith. They were the parents of my grandfather, William Barton Herring.

Belle Meredith died when my grandfather,

Belle Meredith died when my grandfather, William Barton Herring, was an infant. Then Albert Hooker Herring married Delilah ("Dilly") Palmer, sister of Mary Vesta Palmer, and my grandmother's aunt. Albert Hooker Herring and "Dilly" Palmer Herring had a daughter, Verdie Herring, who was my grandmother's cousin and my grandfather's half-sister.

Albert Hooker Herring died, leaving "Dilly" Palmer Herring a widow with a young daughter. Then Thomas Alford, father of my grandmother, Ellen Alford, married "Dilly" Palmer Herring. This made my grandmother's Aunt "Dilly" the stepmother of both Ellen Alford and William Barton Herring. William Barton Herring was reared by an older sister and my grandmother, Ellen Alford, went to live with Thomas Alford and "Dilly" Palmer Herring Alford. Her cousin, Verdie Herring, then became her step-sister.

My grandparents had never lived under the same roof, but were step-brother and step-sister to one another. At some point that is not clear in my mind, my grandfather, William Barton Herring, visited in the home of his relatives where my grandmother, Ellen Alford, was living; and this is how they met. You can imagine the further complications when William Barton Herring and Ellen Alford were married. Her step-brother became her husband and his half-sister became her sister-in-law, as well as her step-sister and cousin. Her aunt "Dillie" became her mother-in-law, as well as her aunt and stepmother. William Barton Herring's stepfather became his father-in-law and his uncle by marriage. The children of William Barton Herring and Ellen Alford Herring never really knew whether "Dillie" was their grandmother or their great-aunt.

Thomas Alford and "Dillie" (or "Dilly")
Palmer Herring Alford lived in the home of my
grandparents until they died. How I would
have loved to know them!

Is it any wonder that my grandmother called herself "her own grandpa"?

AN OLD HOME

In November last year I had the opportunity to visit several of our Alford friends in Louisiana and Mississippi. One of those persons was Mr. Claude A. Alford, son of Jeptha Joseph "Dock" Alford, born January 6, 1898. Mr. Alford was just as healthy, spirited, and agile as any fifty or sixty year old. He was good enough to show me some of his family charts and photographs which are kept in the house described below. It was the house in which he still resides.

"The Jeptha "Dock" Alford home was built in 1879 and is located 1/2 mile east of Progress, Pike County, Mississippi on State Highway 575. Dock and his wife Lamenda moved to this land which they had purchased from Mr. Willie Simmons, building the house which still stands and is still occupied by the Alford family.

The house was built by a local housebuilder, Mr. Jack Fortenberry and his crew for a contract price of \$175.00 for the labor. All materials were purchased and paid for by Mr. Alford at a cost of \$325.00. The house consists of ten rooms, two of which are upstairs, three fireplaces and a nine foot front porch extending across the front of the house. It has been modernized with all conveniences being added, such as hot and cold running water, bathroom, hardwood floors and carpeting, cedar lined closets, attic fans, room air conditioners, electricity, and phone.

Dock and Lamenda reared their family of

Dock and Lamenda reared their family of ten children here and the youngest son, Claude, still occupies the house where he and his wife, Inez, raised their four children, two boys and two girls. It has now passed into the hands of the youngest son.

The house was constructed of longleaf heart yellow pine lumber and the windows were all of heart cypress. The wood blocks have all been replaced with brick and concrete blocks. The roof was originally of pine boards but they have been replaced with sheet metal roofing.

A FRIEND

MR. ALFORD GAVE ME HIS AND HIS NIFE'S CALLING CARD AND INSIDE WAS THE FOLLOWING POEM. HE DID NOT KNOW WHO WROTE IT.

And the distance between us grows and grows.

Around the corner, we have a friend,

In this great city that has no end;

Yet days go by and weeks rush on,

And before we know it a year has gone,

We never see our old friend's face:

For life is a swift and terrible race.

He knows we like him just as well

As in the days when we rang his bell,

And he rang ours. We were younger then;
And now we are busy, tired folks —
Tired of playing a foolish game,
Trying to build ourselves a name.
"Tomorrow," we say, "We will call on Jim,
Just to show that we're thinking of him."
Tomorrow comes and tomorrow goes,
And the distance between us grows and grows.
Around the corner, yet miles away —
"Here's a telegram, Sir, Jim died today."
And that's what we get, and deserve in the end,

Around the corner __ a vanished friend.

OBITUARIES

One of the best sources of genealogical data is from obituaries published in local papers. Their value is enhanced as they are reproduced, reprinted etc and distributed to those in need. We feel that we can provide a valuable service to ALFS, particularly those of the future, by consolidating and publishing these death notices from around the country. We depend on you to send them to us. You need not know the person, know about them, or understand their relationship to ALFS. As long as the notice pertains to an ALFORD then we would like for you to send them to us. To the extent that we can provide additional information on the person involved we will. If any of the readers can tell us more about the deceased, we would appreciate hearing from them. If possible include the date, name of newspaper, and city and state in which the newspaper is published. person sending the obituary will be identifed by their initials/code at the end of the notice.

JAMES ALFORD

(CHICO (CA) ENTERPRISE-RECORD, TUESDAY JULY 12. 1983)

GRIDLEY (E-R) Graveside services will be held at 2 p. m. today at the Gridley-Biggs Cemetery for James V. Alford, 38.

A memorial service will be held at 7:30 p.m. today at the Oroville Congregational Church on Bird Street.

Alford died of a sudden illness Thursday at his home in Oroville.

He was born Jan. 11, 1945, in Ventura. He moved to San Jose at the age of 7, then to Stanfield, MO., where he graduated from high school.

After high school, Alford moved back to San Jose area, where he lived until 1981, when he moved to Butte County.

Alford was employed by the Buttes restaurant in Gridley as bartender. He was a member of the Gridley Moose Lodge and was active in sports.

Survivors include his wife, Marilyn of Oroville; his parents, Ruth and Maurice Alford of Oroville; a son, Aaron Alford of San Jose; two daughters, Nicole and Gillian Alford, both of San Jose; two stepsons, James Sandefur and Stacey Chilcoat, both of Gridley; and a stepdaughter, Kimberly Sandefur of Gridley.

Bishop Frank Cook of the Church of Jesus Christ of Latter-day Saints in Gridley will preside at tonight's memorial service at the Oroville Congregational Church.

Visitation will be from 1-5 p.m. today at the Gridley-Block Funeral Chapel.

Memorial contributions may be made to the Oroville Congregational Church's building fund. (MHK)

MRS. VICTOR C. (EATHEL LEE SMITH) JOHNSON

(LA THE ERA-LEADER WEDNESDAY, FEBRUARY 29, 1984)

Mrs. Victor C. (Eathel Lee Smith) Johnson of Tylertown died Friday, February 24th at the Walthall County (MS) General Hospital in Tylertown.

She is survived by her husband, Victor C. Johnson of Tylertown; two brothers, J. Earl Smith of Franklinton and Hugh Sam Smith of Mt. Hermon; a sister, Mrs. Joe (Lucille) Graves of Franklinton; and a number of nieces and nephews.

The body lay in state at the Capps Funeral Home in Tylertown until the time for funeral services, which were held at 3:30 p.m. Saturday, February 25th, from the funeral home chapel.

The Rev. Troy Bankston officiated over the services. Interment was in the Rushing Cemetery, and pallbearers were Mrs. Johnson's nephews. (YOU MAY MONDER WHY ME HAVE INCLUDED THIS NOTICE. EATHEL LEE WAS OUR FIRST COUSIN. THE OBITUARY DID NOT SAY SO, BUT HER MOTHER WAS NOLIE ALFORD, MY FATHER'S HALF SISTER.) (CAK)

MRS. MANIE LEE PETERSON

(LA THE ERA-LEADER WEDNESDAY, MARCH 14, 1984)

Mrs. Manie Lee (Coot) Peterson, 60, died Sunday, March 11th, at 8:45 p.m. in Jackson, Louisiana.

She was a native and resident of Mt. Hermon.

She is survived by her husband, Charles Peterson of Mt. Hermon; a son, Bill Peterson of Ethel, Louisiana; two brothers, Ralph Alford of Baton Rouge and Malcom Alford of Mt. Hermon; and a sister, Mrs. Laura Welsh of Franklinton.

The body lay in state at the Poole-Ritche Funeral Home in Franklinton until the time for funeral services, which were held at 2 p.m. Tuesday, March 13th, in the funeral home chapel. Interment was in the Bulloch Cemetery. (CAK) CHRIS ALFORD KNIGHT TELLS US THAT MRS. PETERSON WAS THE YOUNGEST DAUGHTER OF BERTIE P. ALFORD, CHRIS' DADDY'S BROTHER.

MRS. GEORGIA ALFORD STAFFORD

(MORNING ADVOCATE, BATON ROUGE, LA., THURS. MARCH 15, 1984)

Stafford, Mrs. Georgia Alford died at 1 a.m. Wednesday, March 14 1984, at her residence in Franklinton. She was 86, a native and resident of Franklinton. She was a retired business woman and a former school teacher. Visiting at Crain Funeral Home, Franklinton, from 8 a.m. until religious services at 2 p.m. Thursday, conducted by the Rev. Bob Galatas and the Rev. Larry Stafford. Burial in Fisher Cemetery. Survived by a daughter, Mrs. Pat (Lilburne) Scheuermann, Franklinton; 10 grandchildren, 13 great-grandchildren. Preceded in death by her husband, H. F. Stafford; a son, Gary B. Stafford. She was a member of Fisher Methodist Church, OES, Order of Amaranth and Centenary United Methodist Church. (CAK) CHRIS ALFORD KNIGHT TELLS US THAT MRS. STAFFORD WAS THE DAUGHTER OF WALTER ALFORD.

CLAUDIA ALFORD HUMPHREY

(STATE TIMES, BATON ROUGE, LA., FRI. FEB. 3, 1984)

Humphrey, Claudia Alford died 4:10 a.m. Friday, Feb. 3, 1984, at Our Lady of the Lake Regional Medical Center. She was 82, a native of Kentwood and a resident of Baton Rouge. Visiting at Welsh Funeral Home, 6 to 10 p.m. Friday and after 8 a.m. Saturday. Religious services at 2 p.m. Saturday at the funeral home, conducted by the Rev. Billy Hoy. Interment in New Zoin Cemetery, Kentwood. Survived by four daughters, Mrs. Myrtle LaGroue, Grace Carpenter, Marie Gorham and Marolyn Whittington, all of Baton Rouge; three sons, Sam J. Humphrey Jr., Clark "Bit" Humphrey and Morris "Buddy" Humphrey, all of Baton Rouge; three sisters, Mrs. Mae Manchester, Mrs. Daisy Tate and Mrs. Clara McGraw, all of Jackson; a brother, John Dean Alford, Kentwood; 13 grandchildren; and 10 great grandchildren. Preceded in death by husband, Samuel J. Humphrey Sr.; a son, Dewey Humphrey; and a grandson, Clark Humphrey Jr. Pallbearers will be Al LaGroue, Larry Gorham, Charles Salard, Joe Mayers, Craig Whittington and Wayne Solar. She was a member of North Highland Baptist Church. (CAK)

EDITOR'S COMMENTS

ALFORD INVENTORY, 1850

We are not including a separate feature on this subject in this issue. We are making some progress, and we will tell you about it briefly. Having published the index in the January issue, we are now proceeding with the detailed information listing all members of the family. There is some 1850 cenus data in the various issues of the ALFORD FAMILY BULLETIN for which we are most grateful to Mrs. Tressie Boman. All of that data has been transferred to our computer files. Ruby Heard has done special research on the state of Mississippi, and has sent us the detail on all the counties. Our summary information shows that there were 46 families spread over 22 different states with a total number of 197 Alfords. Deena Cross has sent us all the detail information on Kentucky, Indiana and Illinois. These three counties are recapped below. State # Counties # Families Total Alfords 75 20 Indiana 13

Status of the overall project shows we have a total of 855 Alford households and there are 588 of these on which we still need the detailed information. We have a total of 1083 different Alfords in the detail file at this time.

28 28

Illinois 11

Kentucky 15

129

135

We must mention that Pamela Thompson has offered to help with the research on detailed family information and we have been remiss is getting an assignment coordinated with her. We need help from more of of you. It is not fair to let just a few do all the research work. The first priority is doing the work on nine counties in five different states in which there are a potential of 126 households which will produce approximately 500 detail records. The states are Connecticut, / Massachusetts, / North Carolina, New York and South Carolina. If you are willing to help us, please contact us for an willing to help us, please contact us for an assignment. You may indicate the state which you prefer, and they will be assigned on a first come, first served basis. (Give your second preference in case someone beat you to your favorite state)

Jack Eisenlauer sent ous the information on the California Alfords, and we failed to include it in the Index in the previous issue. You should add James W. Alford in Sacramento County. He was a 35 year old farmer, born in Pennsylvania. The other was a family of Alfords headed by Landy, age 49, and born in Kentucky. Jack's data shows the five children as born in California, but a publication we reviewed says they were born in Missouri. (Jack questioned the data he had since it would have made one child be born in California in 1834, which seems unlikely.)

EXPANSION EFFORT

In the ALFORD EXCHANGE we made a couple of references to our expansion effort. We have undertaken a program to contact all of the known Alford families living in the country today. We are asking them to share their information with us in exchange for what we have that might help them. Of the 8000 or so we hope to eventually contact, we will probably receive responses from about 400. While we are concerned about the 7600 we will

miss, the 400 we get will be 400 more than we have now.

You can help in one of several ways. First if you have information about present day Alford families that you have not sent us, then send it along and we will mark them off the list of those to contact. Another way you can help is by saving our time. If you know of Alford families which you are sure will not be cooperative and who will not respond, then tell us about them and we will scratch them from the list. The Alford pages of your local telephone book will also help. If you send them be sure to send along enough information from the "front" of the book so we can relate phone exchanges to geographic areas as much as possible. Finally, it is going to cost us over \$3000 to complete this project. We cannot afford such a cost all at one time are spreading it over a long period as we can afford it. Unfortunately, many of the good addresses we have will no longer be any by the time we can afford those at the end. (We are already getting about a 25% return from the post office as not deliverable). If you would like to make a financial contribution to this effort it would help. We regret that we cannot tell you that it is tax deductible, but that is the way it is.

MAILING DATE

Try as we might, we just never seem to get the newsletter in the mail on the first of the month as we did some last year. We will continue to try and get the newsletter out early in the month, preferably before the 15th of the month. But, don't give up on us if some months you don't have your issue until later. If you have not heard from us by the end of the month, then you better call us or drop us a note. During the preparation of this issue Mary's mother, who has been living with us, fell and broke her hip. She had to undergo surgery to have a hip joint replaced. Needless to say the attention I wanted to give to Mary and her mother did detract some from the preparation of the newsletter.

GIFT SUBSCRIPTIONS

Several of our subscribers have entered gift subscriptions for some of their relatives or their friends. We appreciate these very much. Those of you who have not tried it, might consider this as a way to interest others in our Alford family history and genealogy. We deliberately try to write so that non-genealogists will be able to understand. We attempt to keep abbreviations and genealogical jargon to a minimum.

CHARTS ARE BACK

At the suggestion of some, we considered dropping the family descendancy charts. We have heard from more who want them than there are those who think they are of little value. Some made suggestions for improvement. You will find the charts returned in this issue. The format has been changed slightly to provide space to show state and county of birth, death and marriage. The charts are prepared similar to a worksheet on which you have room to add information as you make a new discovery. We hope you will advise us when you are able to add data to any of these charts.

BACK ISSUES

We are frequently asked about back issues. They are available beginning with issue number 4. That was the issue in which we began our data bank printouts. That was also the issue in which we began our several series on various Alford families. Issue's number 4 and 5 are available for \$2.50 each and Issue 6 is \$3.00.

SHORT ON SPACE

We have just about concluded that we will always be running out of space. We do want to try to give you a balanced newsletter with several types of information and with coverage on several Alford lines. Sometimes, maybe everymonth, though we will have to make a decision to leave something out. Those who receive the regular April mailing of this issue will find an little colored evaluation page folded in with the newsletter. It would help us to decide what to omit and what to emphasize in the newsletter if you would complete this and mail it back to us.

SURNAME CROSSOVER

We are experiencing increasing crossover from one of our surname groups to another. We have an ALF who is also a subscriber of our Newkirk Newsletter. And we have a Newkirker who is also a subscriber of our Chapman Newsletter, but this is not the type of crossover we mean. We are talking about a person in one group sending us information on one of the others. For example, a Minister who is the family historian for a Chapman group in Georgia recently sent us a sizable package of Alford information. One of our Newkirkers in Michigan just sent us a list of people interested in Chapman. We appreciate this and it is most helpful, but we don't want to ever take advantage of any of our contacts by asking them to do work for one of the other groups. We do want you to know it is being done and that we think it is a good way to strengthen the effort in all three of the surnames in which we are active. Keep in mind that this does not help Mary and me directly as we have our lines pretty well firmed up. It does give us a broader base of data with which we should be able to help more and more of our contacts. Two of the most productive areas for this crossover effort is in (1) sending census information (index or detail-any place & any year). (2) Providing us the name and address of people who have an interest in the surnames Alford, Chapman or Newkirk as they may be listed in one of the many surname indexes maintained genealogical organizations around the country. (We do not mean those who sell the data and advertise in the Genealogical Helper. We have already bought all that is available, and it is not much) We mentioned phone book data on Alfords earlier. We would appreciate Phone book data on Chapmans and Newkirks as well.

NEED YOUR HELP

We desperately need your help. We are not about to raise our subscription fee, at least not until after 1985 unless there is a drastic increase in printing and postal costs. We are not asking for any financial assistance, but we will provide you a brief financial report in the next issue. The help

we need is increased subscriptions. present circulation is just minimal and not nearly enough to make our effort worthwhile. Almost half of our costs are fixed, so we can add new subscribers with very little additional expense. If we could double our circulation we would probably be at just about the break-even point. The help you could give is by enlisting one new subscriber each. Certainly you know someone who is interested in our Alford family history. Tell them about us. Encourage them to subscribe. We will do everything possible to make them glad that they became a part of our group. If you have any ideas as to how we might increase our readership, please pass them on to us. may have seen our ad in the latest GENEALOGICAL HELPER, but surprisingly, there are hardly enough responses to pay the cost of the ad.

ALF VERY ILL

Max and Margery Knox of Chico, CA have been two of our most avid supporters. Max has sent us most of the information that we use in our Alvord family series. Margery is involved in our Newkirk project, and has sent over 100 family group sheets on that surname. We are so sorry to learn that Max is very ill, By an earlier report we learned that he had received a pacemaker and was not doing well. The latest report says that he has had to have surgery for pelvic bone cancer. A few months ago he was home and in high spirits inspite of all his trouble. You will want to remember Max and Margery, and if you have the inclination to send a card, the address is 241 W. 17th Street, Chico, CA 95926.

ALFORD CURRENT EVENTS

If you should see a newspaper or magazine article about an Alford please clip it and send it to us. Depending on what it is we might follow-up to get additional information, we might reprint it if there are no copyright problems. My parents sent an article about the city of Sault Ste. Marie, MI being bequeathed over \$1 million in stocks. The mayor of the city is a James Alford. We were not interested in his city or his new found funds, but we thought he might be an interesting person, and worth a line or two for Alford posterity. Needless to say he did not respond to our letter. Elmer Mill er has sent information about Steve Alford who is one of the more famous present day basketball heros, but we are not sure what to do with him. But remember, if it pertains to Alford, we want it.

FAMILY REFERENCE FILE

We have sent a few of you copies of a new file that will record the direct Alford lineage of all our Alfs. We have revised the program some since we sent you those printouts for review. In the next issue we will provide a complete description of the program along with some sample printouts. Basically what is does is permit us to use the computer to relate all Alfs and all of their direct ancestors. For example we will be able to take any of our direct ancestors, and tell you immediately which Alfs descend from that ancestor. We can list all the direct ancestors alphabetically, by location or by time frame. We will even be able to make a list of all the spouses which gives a surname list of all the families who have married into our direct ancestral lines.

ALFORD DATA BANK

This months data bank begins on the facing page and continues to the end of the newsletter. This is basically the same format as we used in the previous issue. There are a couple of minor changes or improvements that we will mention, but first let us remind you what each record provides for in the way of information. Lets use the record of David C. Alford on page 22R (we'll use R and L to denote right and left half of the split pages) for an example. Few, if any of the records are 100% complete, but this one is very close.

The first line of each record, (a record is the three lines of print) pertains to our Alford. After their name is the date and place of birth and death, then the name of the cemetery and finally the place of burial. You will see all of these entries completed on David C. except we did not know the county of his birth.

The second line of each record pertains to the spouse of the Alford. There will be separate records for each spouse and the marriage, if there was more than one, will be numbered just after the "m:" and just before the name of the spouse. Drop down about 4 records on page 22R to see an example. Following the name of the spouse is the date and place of birth, death and marriage. We do not have space for the cemetery and burial space of each spouse. You will see in our example record that David married Martha December 1 1877 in Leake County, Mississippi. This marriage data is in the same space used for burial information on the line above.

The third line has an assortment of It begins with the "c/o:" entry information. which means "Child of: " and the data entered is the name of the parents of our Alford. At the right side of this line is a reference to our source. This has been modified to use two fields or sets of spaces. The first which is always a number followed by a "B" is the book code from which we took the entry. If there is a "B" entry, then it is followed by a page number. We did not take our example from a book, but you will see some "B" examples on other pages of the printouts. In this case the data came from two ALFS, RRH and OME. A complete directory of these codes will be available soon. The addition in this issue involves an entry that is sometimes used between the parents name and the reference. It is our "Other Event" field. Look at our example and you will see "E 1880 MS MADI". This means that David was enumerated in the 1880 census in Madison County, Mississippi. We will be using this field to provide you with additional information on an assortment of events, other than birth, death and marriage. A list of the codes used thus far (not necessarily in the data file printed in this issue) is in the next column. Others will be added as the need arises. We would welcome your suggestions if you have any.

Remember that the names are arranged alphabetically based on the first name, middle initial or middle name and anything else that we type in the name space. As in the last issue some names are followed by "3" which means the person may not have been born an Alford, but has Alford as a married name.

We have tried to leave ample room on these pages for you to write in new information as you make a genealogical discovery. We would ask that you periodically make a quick copy of the pages with changes and send it to us so we can update the computer record.

We have reviewed this file several times, using the computer to sort and sequence the data by spouse and parents in an effort to eliminate duplication and error. We know we must have missed some, probably some that are very obvious. We look forward to hearing from you about them. (See Family Feedback on page 4 & 5)

What can you add to this file? We need additions and corrections, and bits and pieces to fill in the holes. We depend very much on you as a source of information. Don't hesitate to send information just because you may be reading this months or even years after the date of publication. It is probable that the information you can supply is still needed. Thanks so much for that you have sent us so far.

We especially appreciate those who made a special effort to send us information they had on Alfords whose first name begin with a "D" for this issue. We will be doing the "E" file in July, so send along all the information you have on them. It would appear that our "E" file may be so large that we will have to split it between two issues.

OTHER EVENT CODES

A = Attended, church, court (jury), school etc R = C = Christened/Baptized D = Deed or other land transaction E = Enumerated in a census G = H = I = Immigrated K = Worked L = Litigations including witness M = Military service N = $\Omega =$ P = Pension record of some type R = Resided S = Mortality Schedule T = Tax record of some type 11 = V = Moved W = Will ? = All we know is that the person was connected to the place or date as shown.
