

Alfords in New York Census - 1860

Submitted by Alicia Roundy Houston, AAFA #0001, Member AAFA Hall of Fame

This census report is a product of the AAFA census team. The initial list of names to be extracted was prepared from published census indexes and, in some cases, supplemented by unindexed entries. An everyname extraction was performed using the microfilm as a source and the result verified for completeness and accuracy.

The following data is not intended to reflect either the "true" facts or what descendant families believe to be the facts. It is also not guaranteed to be without error. Nevertheless, every attempt has been made to provide a complete and faithful representation of the information recorded on the original enumeration forms.

The categories on each line appear in the following order: name, sex, age in years or months (two columns), birth place, color (assumed to be white unless shown otherwise), *MSR, property value and occupation.

* There may be any one of three entries:

M = married within the year

S = attended school within the year

R = can't read or write (or just W if can read but not write)

Birthplace is shown with the approved postal abbreviations for states in the U.S. Foreign places were abbreviated as follows: BD = Baden; BV = Bavaria; CD = Canada; CZ = Bohemia; EI = West Indies; EN = England; GM = Germany; HN = Hanover; HO = Holland; IR = Ireland; PG = Portugal; PO = Poland; PR = Prussia; SP = Spain; ST = Scotland; SW = Sweden; SX = Saxony; UN = Unknown; WG = Wuertemberg; WL = Wales; NR = Not Recorded.

The order of the information in the two line family header: the name of the post office, township or political subdivision, and county. On the 2nd line: census page number, census dwelling or house number, census family number, microfilm roll number, and the enumeration date.

The association acknowledges the efforts of Robert Burrows, Doris Alford Vetri, Margaret Windham, Peggy Schuster, and Gilbert Alford in the preparation of this report.

a

(Continued from page 32, AAFA Scholarship Awards - 2005)

As the 1860's began, the slavery issue had divided the nation. This was very evident in Kentucky, and its people were soon separated by opposing views. George enlisted in the 11th Kentucky Volunteer Cavalry on August 11, 1862. This decision created many hardships for his young family. He had married Alcy Yocum in 1849 and five children had been born, the youngest aged one. The family's survival depended solely on his wife.

Service and Imprisonment

George rode with General Sherman's Army and fought in ten engagements from Hartsville, Tennessee in December of 1862 through the skirmishes at Marysville, Tennessee on November 14, 1863. Private Alford would see his future disappear at Marysville. He was captured, and sent to Andersonville Prison in Georgia. His military career had ended abruptly, as he was a prisoner of war.

He arrived at the prison camp with the first group of 500 prisoners in February of 1864. By August, the number had reached 32,000. More than 7,400 died during the seven month period. They suffered agonizing deaths from dysentery, scurvy, gangrene, diarrhea, and smallpox. My

great-great-great-great grandfather was one of them, number 674.

He was buried in Andersonville Cemetery. In 1998, my grandparents were the first family members to visit his grave.

Aftermath

Alcy Yocum received a widow's pension of \$12.00 a month until her death in 1911. Her third child, Lucinda, married John M. Montgomery in 1874. They moved to Louisville around 1890.

Our Reeves/ Montgomery/ Alford family now spans the U.S. from Maine to California. It began 249 years ago, and has been an integral part of our country's struggle for freedom.

We congratulate these young ladies and gentleman and wish them the best that the future holds. If the accomplishments of their short lives are any indication of their future well being, we are sure they are destined for great things.
