"Alfords" found in the 1830 census

Microfilm series M-19. Roll number in each record.

Those helping with this census unit were: the late Bobbie Alford, Gil Alford, Robert Barrows, Tom Donnally, Ron Head, Alicia Houston, Faye Lawes, Andy Leath, Mildred Meyer, the late Dave Price, Mildred Richbourg, Peggy Schuster, Lynn Shelley, Robin Sterling, Margaret Windham and Doris Vetri.

Census day in 1830 was June 1st, but 12 months were allowed to complete the count. 24 states and the District of Columbia were enumerated in 1830 but we found no "Alfords" in New Hampshire or Rhode Island. Three territories were also included in the count- Arkansas, Florida, and Michigan and "Alfords" were found in each of them.

None of the census data applicable to "Alfords" was lost in 1830 except for Pike Co., MS in which case the 1831 tax list was used to account for three families.

The count of persons by sex and age range is shown under "Tabulation." The data is broken into five segments. The first, consisting of ?? characters, is for free white males. The second, also consisting of ?? characters, is for free white females. The third, consisting of two characters is for slaves. When applicable they are broken out by age and sex below the tabulation of white persons. The fourth, consisting of two characters is for free persons of color and they too are broken out by age and sex below the tabulation of white persons. The final two characters in the tabulation is for foreigners who have not been naturalized.

The age range represented by each of the columns in the tabulation of both male and female white persons is: (it is not the same for non-white persons)

1 under age 5
2 age 5 - 10
3 age 10 - 15
4 age 15 - 20
5 age 20 - 30
6 age 30 - 40
7 age 40 - 50
8 age 50 - 60
9 age 60 - 70
10 age 70 - 80
11 age 80 - 90

12 age 90 - 100
The census form actually provided for a 13th group for those over 100 but AAFA had not need for that age range.
